

Condenser for sinusoidal filters

Description :

3C series are a safety interference suppression condenser of type Y.

SKY3CY-300

TECHNICAL PARAMETERS :

Nominal voltage
Capacity 3x300 uF

Un : 3x400Vac

SKY3CY-260

TECHNICAL PARAMETERS :

Nominal voltage
Capacity 3x260 uF

Un : 3x400Vac

SKY3CY-160

TECHNICAL PARAMETERS :

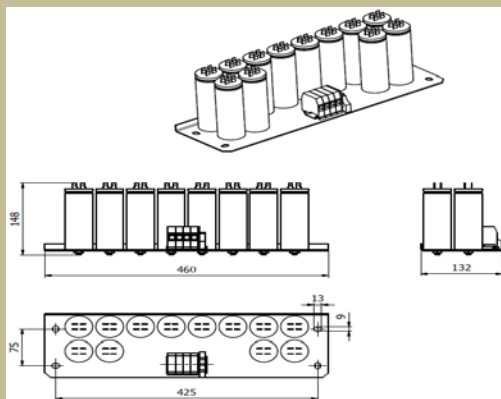

Nominal voltage
Capacity 3x160 uF

Un : 3x400Vac

Dimensioning, wiring:

It is dimensioned for size indicated on a label.

Use:

It is used in places where we need to decrease level of radio frequency interference.
