

## Choke for traction purposes

### Description:

SKYTLVz100-0,1-Z is a quality air-core choke with permanent inductance.

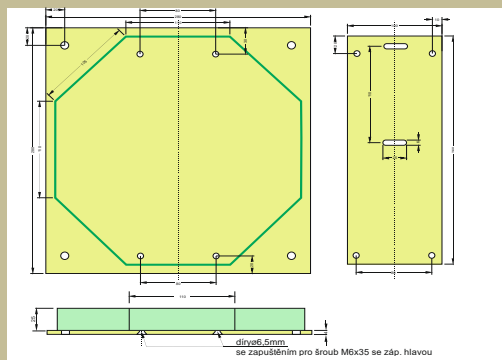

### TECHNICAL PARAMETERS:

Extent of operating currents                      In: 100A  
 Inductance  $\pm 5\%$                                       L: 100mH  
 Protection class: IP00

Type	Nominal current [A]	Inductance $\pm 20\%$ [mH]	Weight [kg]	Conductor cross section [mm <sup>2</sup> ]	basic dimensions [mm]					
					A	B	C	D	E	F
					length	height	width	pitch	pitch	other
SKYTLVz100-0,1-Z	100	100	7,2	25x6	280	280	98,5	110	80	-

### Dimensional drawing:

### Use:

It is used for traction purposes but it also can be used in applications where we need to have the quality and permanent inductance.

### Dimensioning, wiring:

The choke is dimensioned according to indicated label parameters.
