

Three-phase chokes type TZS řada XPKT

Description:

XPKT series chokes are current compensated chokes.

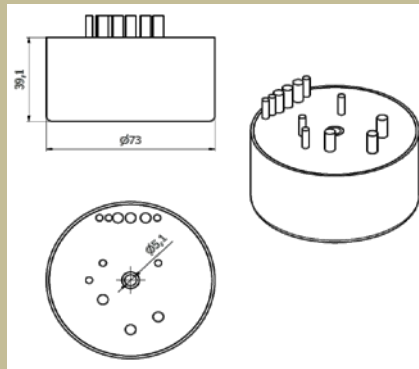

TECHNICAL PARAMETERS:

Rated current I_n :	20 A
Short-term current overload:	2x I_n
Degree of protection:	IP54

Type	Rated current [A]	Inductance $\pm 20\%$ [mH]	Weight [kg]	Connection cross section wires [mm ²]	Basic dimensions [mm]					
					Length	Height	Width	Pitch	Pitch	Other
					SKY6PKT20	20	1	0,7	-	73

Dimensional drawing SKY6PKT20

Dimensioning, connection:

It is dimensioned according to the given label nominal voltage and current values. The choke fuse must not exceed the rated current. When installing in switchboards, it is necessary to take into account the power dissipation, which depends on the application used.

Use:

For additional interference suppression of frequency inverters.

The manufacturer reserves the right to change product specifications and appearance without prior notice.
